Black Mountain Sewer
Docket Control No. SW-02361A-08-0609

Dear Commissioners,

I support de-commissioning the Black Mountain Sewer Processing Plant located in the midst of a beautiful residential neighborhood within 100 feet of adjacent residences.

I recognize that there will be some costs to Black Mountain Sewer users involved in this de-commissioning and remediation effort, and I am willing to accept my share of these costs.

The problems my neighbors and I are experiencing prompting me to write this letter are identified below:

- **Strong and nauseating odors, offensive to both Boulders residents and Boulders Resort guests**, frequently coming from the Processing Plant
- **Health concerns from chemicals** required to be inserted trying to mitigate the odors
- **Loud noises** coming from the Processing Plant
- **Frequent repair and pumper trucks** driving through the residential neighborhoods of the Boulders, and parking in front of the Processing Plant
- **Decreased home and property values** because of the proximity of the Processing Plant to many homes within the Boulders, and the odors, noises and truck traffic associated with the Processing Plant
- **It would be more efficient to de-commission the Processing Plant now**, rather than continue to waste more funds each year in costly repairs and then de-commissioning the Processing Plant and remediating the land at a later date.

Thank you for your consideration of this request,

Name:

Mala & Susan Burnam
